Objective

I am the specialist Abdel Raouf Al-Assar, a recent graduate.. majoring in physiotherapy from Al-Azhar University, Gaza.. I have the necessary experience, knowledge and knowledge in my field of specialization and many medical fields.. and I have great aspirations to work in my field.. or any medical field.. so that I can Serving my country, my people, and myself..and it has become one of God's means of alleviating people's pain, and to be a reason for alleviating their suffering, God willing. My ambition, will, and determination are as high as mountains, and I love to be at the forefront of any work I do to serve people and patients, and to become very proud of myself..and to be a source of pride for my family and for all people, God willing. I wish God first and the decision-makers to give me the opportunity to be part of the project and the ultimate goal and to help me achieve this ambition by giving me the opportunity, God willing.

Experience

- I worked as a lecturer for many medical and first aid courses in many accredited medical institutions and centers, and as a lecturer for body anatomy and medical terminology courses as well..and I have sufficient experience in managing lectures and dealing excellently with them. I also have many medical experiences in other fields outside my field of work, such as therapeutic nutrition, nursing and alternative medicine. I have accredited certificates from the university and the centers through which the courses took place.
