

# AMER F. M. ALNAJJAR

## WEB DEVELOPER

---

### SUMMARY

Dedicated and highly skilled Web Developer with a Bachelor's degree in Applied Information Technology. Proficient in a wide range of web development technologies and frameworks, including JavaScript, TypeScript, Angular, PHP, HTML, CSS, and MySQL. Adept at creating dynamic and user-friendly web applications, I have contributed to various projects, including a leading online platform for brain tumor support and early detection, dynamic note-taking platforms, and modern e-commerce websites. With a strong commitment to quality and innovation, I excel in both individual and team-based environments, having worked at Mazaya Information Technology Company and Z-Mark Digital Marketing and Information Technology Company. I am eager to leverage my expertise in web development to drive digital solutions for future projects.
